INFORMATION & NEWS FROM ASHRAE  
OTTAWA VALLEY CHAPTER

MARCH, 1973

**MEETING** - March 20, 1973 6 P.M. Cathay Restaurant

**TOPIC** - Pump Equipment  
Operation, Application, Selection, Installation  
and Maintenance of Pumping Equipment.

**GUEST**

**SPEAKER** - John D. Leitch  
President and General Manager of  
Arthur S. Leitch Co. Ltd.

In addition to the evening meeting, there will be an informal afternoon session with open discussion on equipment starting at 4 P.M. at the Cathay Restaurant.

## MESSAGE FROM THE PRESIDENT

The month of March heralds more for our local ASHRAE member than the vernal equinox.

Two of our most fundamental activities will be asking for your individual output.

With this mailing you will receive a questionnaire from our Technical Committee. Its purpose is to define the human technical resources and interests within the local ASHRAE community. The Committee has been working very hard during this, its first year of operation. Present plans call for a very valuable contribution to our technical program for next year's operation. Your full co-operation in filling out this form completely and conscientiously will ensure the success of this endeavour.

Secondly, and equally important, our March dinner meeting will see the advent of our annual drive for Research Funds. John Kennedy, Chairman, has his Committee well organized and ready to go. Our Chapter's efforts last year were noteworthy wherein we collected over 15% of all funds contributed in Region II. However, the Region's total contribution was only about 25% of what ASHRAE was spending on research at Canadian Universities. This year we have over \$30,000.00 worth of Research activity in Canada, sponsored by ASHRAE. We will have to redouble our efforts to confirm the Society's confidence and trust in our sincerity. Please give your fullest measure of response when called upon.

Yours in ASHRAE,  
Harry Atkinson.

**NOTICE** - Subsequent to our final meeting in May 1972, the projector screen was taken for repairs.

Anyone knowing the whereabouts of the screen please advise J. Stewart - 722-4440.

#### **SPECIAL EVENTS - OTTAWA CURLING**

The annual curling was held as scheduled on Feb. 27 at the Rideau Club.

There were 29 present for curling and 34 for dinner.

The winning rink was skipped by Dave Minshall with the runner up by Gary Beatty.
