

# Capital Communiqué

AMERICAN SOCIETY OF HEATING, REFRIGERATING AND AIR CONDITIONING ENGINEERS

NOVEMBER, 1988

## NOVEMBER THEME IS MEMBERSHIP NIGHT PROGRAMME - NOVEMBER 15, 1988

TOPIC: THE BIRTH OF OTTAWA FIBRE

SPEAKER: JOE SKARZENSKI

Joe immigrated to Canada from U.K. in 1958. He started his long career in the insulation industry as an estimator with the well-known Ottawa insulation contractor 'Applied Insulation Co. Ltd.'. He progressed through various industrial and commercial project management positions to the post of General Manager and finally the President of the Company.

In 1976, together with a group of local fellow businessmen, Joe incorporated a new fibre glass insulation manufacturing company under the name of Ottawa Fibre Industries Ltd. located at Belgreen Drive in the South East section of the city.

As the President and C.E.O. of this company, Joe has lead it from its original humble start through several expansions of production capacity to its present vibrant status as one of the most modern fibre glass insulation manufacturers in the country.

The company has recently changed its corporate name to Ottawa Fibre Inc. Joe's experience in insulation contracting, insulation manufacturing and marketing, places him in a group of select few who can aspire to the name of Insulation Expert.

TOUR - 15:30 HRS.

SOCIAL - 17:00 HRS.

DINNER - 18:30 TO 20:00 HRS.

- Baked Tourtière

### PRESIDENT'S COMMENTS

We will be focusing on Membership at the upcoming Chapter meeting. Your Membership Committee has come up with yet another innovative idea to increase ASHRAE membership locally -- the \$7.00 Discount (details can be found elsewhere in this issue). It means that we will have a number of guests (i.e. non-Society members) at the next meeting. This is where you come in. Keith Murfin and Bob Brownstein are the co-Chairmen of the Membership Committee and in their words, "Every Chapter member is also a member of the Membership Committee" ... and the November 15 meeting is where this committee gets down to work. If you cannot bring a guest, sit next to one. We want to avoid eight guests at one table. Do not leave a guest standing in a corner by themselves. If a guest has a question about ASHRAE, get the answer for them. If you cannot find it on the information table opposite the buffet, then flag down Keith, or Bob, or Ray Young, or a Board member. Thank you in advance for your help. This is one of the most important things you can do for the Ottawa Valley Chapter.

Paul Baker.

**QUESTIONNAIRE**

**OCTOBER 18, 1988**

ASHRAE continually strives to provide the highest quality technical and social programs to attract its members to attend the Society winter and summer meetings. Ottawa, the host for the most recent meeting, was a first hand example of what is offered and the benefits that can be attained through attendance.

The Meetings and Exposition Committee is the Society Standing Committee that has the responsibility to ensure that the high standards of past meetings are maintained and where possible improvements may be implemented.

To assist the M & E Committee, you are requested to complete the following questions in hope that your input will contribute to the planning of future meetings.

- |   | <u>YES</u>              | <u>NO</u>               |
|---|-------------------------|-------------------------|
| 1. Does site selection influence meeting attendance?<br>If yes, is COST the determining factor?<br>or CLIMATE the determining factor? | _____<br>_____<br>_____ | _____<br>_____<br>_____ |
| 2. To what extent do you expect reimbursement of your expenses by your employer?  |                         |                         |
| .1 Travel?  | _____                   | _____                   |
| .2 Hotel accommodations?  | _____                   | _____                   |
| .3 Meeting registration?  | _____                   | _____                   |
| 3. At the Winter meeting, is the Technical Program of greater interest than the Exposition?   | _____                   | _____                   |
| 4. At the Winter meeting, do you visit the Exposition more than once?   | _____                   | _____                   |
| 5. Do you consider the social program important?  |                         |                         |
| .1 Plenary Session?   | _____                   | _____                   |
| .2 President's Luncheon?  | _____                   | _____                   |
| .3 Spouse's Program?  | _____                   | _____                   |

Thank you for your assistance and hopefully your input will help to maximize member attendance.

Yours very truly,

G.F. Carscallen, P.Eng.  
Chairman, Exposition Sub-Committee

Dear Chris,

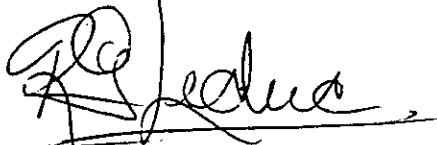

Each month, approximately one week after the monthly meeting, the Board of Governors meets to discuss various subjects. I would like you to arrange for a brief discussion regarding the 'Capital Communique'.

As you know, I am the editor for this year, a job that I rather enjoy doing except for a small road block. This road block is the failure of contributors to submit their articles by the assigned deadline. If I understand correctly, there should be only one submittal per month from one person, so that Marquardt has only one person to deal with.

It would be appreciated if a general statement could be made, either at the Chapter meeting or through the newsletter, asking that all 'Capital Comunique' related material be submitted to the Editor and not to the printers. The Editor is responsible for obtaining the various articles and making the space allocation, therefore, if material is submitted directly to the printers this could result in extra printing charges.

I would be grateful for your assistance in this matter.

Yours very truly,

A handwritten signature in black ink, appearing to read 'R.G. Leduc', written over a horizontal line.

R.G. Leduc
