AMERICAN SOCIETY OF HEATING, REFRIGERATING AND AIR CONDITIONING ENGINEERS

NOVEMBER, 1990

MEMBERSHIP NIGHT

PROGRAM: NOVEMBER 20, 1990

SUBJECT: *The Application of ASHRAE Standard 62-1989 Ventilation for Acceptable Indoor Air Quality; the Occupant's Perspective*

Our guest speaker for the November meeting is Claude Mainville, ing., the professional responsible for the indoor air quality issue at the C.S.N. (Confédération des syndicats nationaux). The C.S.N. is a national confederation of Trade Unions representing over 200,000 people. The principal service the C.S.N. offers to its members is the negotiation of collective agreements. The large majority of its members work in indoor environments.

Mr. Mainville will show how the average building occupant remains largely unaffected by the new standard. His occupant's perspective, complete with gory colour slides, presentation, suggests very strongly that our industry has a very long way to go before complaints of poor comfort and unhealthy environments become a less common place. He has participated in several international conferences on air quality. Mr. Mainville has represented workers at several press conferences on indoor air quality as well as on the salubrity of worker's environments in industry.

SOCIAL & TECHNICAL SESSION: 17:00 Hrs.

DINNER: 18:30 - 20:00 Hrs.

PRESIDENT'S MESSAGE

It has been said that the "roots of success and growth for ASHRAE lie at the Chapter level". The theme for our November Chapter meeting is Membership Night. Increasing our membership participation in the Chapter's activities is vital to our Chapter's success and to improve the individual expertise of each member.

Chapter membership cannot flourish without the warm and timely welcome that we try to extend to our new members. Let's remember that every Chapter member is automatically a member of our Membership Committee, so, bring a guest, meet a new member and share your knowledge at our November Chapter meeting. Membership Chairman Rick Bell will be in attendance to provide applications and inform our guests about joining ASHRAE. See you there!

Byron Landry.

TABLE TOP DISPLAYS

Table top displays are now permitted at our Chapter Meetings as a result of recent rule changes, subject to restrictions outlined in the August issue of *Capital Communiqué*. Here is your opportunity to raise the profile of your company's products, services, equipment and systems to a broad audience of fellow Chapter members and guests. Further details may be obtained by contacting Chris Frauley, 232-3511.

NOVEMBER TABLE TOP DISPLAY IS SPONSORED BY I.A.C. INDOOR AIR CARE

I.A.C. will display the latest in commercial HVAC system cleaning. This system was originally developed by their sister company I.E.H.C. to address Asbestos contamination in HVAC duct work and air handlers. The Indoor Air Care system includes processes which clean, disinfect and encapsulate depending on the application. Their display will be hosted by Michael Robillard of I.A.C. and Tony Ayoub of I.E.H.C.

UPCOMING EVENTS

Cogeneration Technology Course
February 10 - 15, 1991
Donald Gordon Centre
Queen's University
Kingston, Ontario

For advanced registration or information please call Dr. J.H. Brown at (613) 545-6644 or Fax (613) 384-8363.

ASHRAE MEMBERSHIP REMINDER

The Ottawa Valley Chapter plays a strong supporting role for ASHRAE. Our meetings are informative, our technical sessions enlightening and our tours fascinating. We invite you to join our Chapter and become part of a Society which helps change the future of the HVAC and Refrigeration industry.

Membership forms will be available at the next monthly meeting held November 20, 1990. May we suggest 'BEATING THE GST' by joining at our meal plan level. Further information is available by contacting the undersigned.

Ross McIntyre, 727-5111.

ASHRAE MEMBERSHIP ROSTER

The Ashrae Rosters shall be available at this monthly chapter meeting for those Chapter Members who have already registered. A Roster will be mailed with the next issue of the *Capital Communiqué*, for those Chapter Members who are not able to attend.

TECHNICAL SESSION

Tuesday, November 20, 5 p.m.
Reducing Energy and Increasing Quality
Introduction to new ASHRAE Standard 90.1
with a video presentation prepared by
ASHRAE ATLANTA.

MONTHLY SMILE

Avoid people who say 'Do You Have A Minute?' They take up the most time of all.

ASHRAE, Ottawa Valley Chapter Board of Governors
can be reached at P.O. Box 3123, Station "C", Ottawa, Ontario K1Y 4J4
