PRESIDENT'S MESSAGE

I want to thank all Ottawa Valley Chapter Members for the opportunity to be your President for 92/93. You have been patient and understanding about our short comings, complementary about our successes, but most of all willing to step forward and help when needed.

As a Board Member, I feel we have been quite successful, worked hard, but also had some fun along the way. We have been supported by a very pro-

fessional group of individuals on all the committees who are to be congratulated for their significant efforts on our behalf. I hope at our last meeting you will seek out committee members and chairpersons to thank them for their efforts and even volunteer to help next year.

I look forward to your attendance at the May meeting.

Yours truly,
Neil Armstrong

TECHNICAL SESSION TOUR OTTAWA'S NEW CITY HALL

Clemann Large Patterson Consulting Engineers will provide an overview of the mechanical systems and tour for all interested members. We will discover how the large glass pyramids, including the new council chambers, have been environmentally controlled. Our host Mr. Richard Albert has many other innovative features as well to show us in this truly unique building.

WHEN: 4:00 p.m., Tuesday, May 18th
WHERE: Meet in the rotunda, 2nd floor, Bytown Pavillion
PARKING: Best access to parking garage is from the Minto bridges off King Edward Avenue

HIRE AN ASHRAE STUDENT MEMBER

If you or your company is looking for a summer student, you may want to see whether any of the following ASHRAE Student Members may fit your needs.

Craig Malcolm Armitage
Martin Berthiaume
Andre Brind'Amour
Luis J. Brunet
Stephen Paul Fex
Leslie G. Forrest
Denis Lewis Forget
Christine Marie Garand
Denis Gignac
Jack Marcel Gladu
James Bruce Howie
Tara Lee Kathleen Hill

Denis M. Kasprowicz
Thomas Krajci
Ghislain Denis Lalonde
Manon Levesque
James Thomas MacNeil
Sheila McVey
Andrew Rex Martin
Gary Joseph Moore
Dave Anthony Morgan
Michel Robert Routhier
Alan Michael Taylor
Gerry M. Smith

The above people have already shown interest in the HVAC industry. They may have the competitive edge you are looking for.

ONTARIO BUILDING CODE UPDATE

The Chapter's Government Affairs Committee learned that the Ontario Ministry of Housing plans to amend the Ontario Building Code, effective July 1, 1993. The changes to the 1990 Building Code will specify new energy consumption requirements for both residential and commercial buildings and incorporate the plumbing code under part 7. Holders of the Building Code will be notified by the Ministry provided they have sent in the reply card included in the binder. The gazetted regulation should have arrived at the government bookstore by now.

A FEW WORDS FROM THE EDITOR

If you have any comments or articles you wish published please forward them to:

TABLE TOP DISPLAYS

This month's table top will be introducing the new "USES" energy saving power conditioner, distributed by Gazelle Custom Products. This new device that is approved by C.S.A. and approved by U.L. as an energy saving device is capable of improving the efficiency of a system by reducing I²R losses, converting harmonics, spikes and noise into useful and productive energy.

We will be soliciting membership and those in the HVAC industry for Table Tops in the upcoming year, 1993-94, and hope to have increased participation. Table Tops present a good opportunity to raise the profile of your company's products and services to a broad audience of chapter members and guests. Prices will remain unchanged, at \$200 per table top.

Contact Paul Seguin at 228-9037 for further information.

GOLF NOTICE

Shine up those clubs! This year's tourney is to be held again at Manderley on the Green on Wednesday, August 11, 1993. Shotgun start 1:30 p.m. Details to follow.

RESEARCH

HELP WANTED!

Our Research Committee is putting in a tremendous effort to meet our goal of raising over \$13,600. However, they cannot do it without your help! When they contact you, please realize that this is an **INVESTMENT** in your industry and not another charity drive.

If you have not been contacted but wish to submit a donation, you are encouraged to send it care of:

SNC • Lavalin Inc.
1100 - 170 Laurier Ave. West
Ottawa, Ontario K1P 5V5
ATTENTION: Chris Frauley

Make your cheques payable to: "**ASHRAE RESEARCH CANADA**"

All corporate donations will receive a receipt.

NOTE: The ASHRAE Ottawa Valley Chapter post office box has been closed since this postal terminal is no longer in service. Please, **DO NOT** send cheques there.

Thanks for your continued support!

Chris Frauley
Ottawa Valley Research Chairman
